

ENGLISH		
Action	Course	Outcome
If student fails course	English 9/9H	Must retake course in summer school
If student fails course	English 10/10H	Must retake course in summer school
If student fails course and failed Common Core exam in January 2017 and again in June 2017.	English 11/11H	Must retake both course and Common Core exam in summer school
If student passes course but failed Common Core exam in January 2017 and again in June 2017 with a grade of 54 and below	English 11/11H	Must retake both course and Common Core exam in summer school
If student passes course but failed Common Core exam in January 2017 and again in June 2017 with a grade between 55-64	English 11/11H	Options: 1. May take an intensive review course (instead of full course) AND retake Common Core exam in summer school, OR 2. If review course is not offered, MUST retake both course and Common Core exam in summer school
If student fails course but passed Common Core exam in January 2017 and again in June	English 11/11H	Must retake course in summer school
If student fails course	English 12/AP English	Must retake course in summer school

MATH		
Action	Course	Outcome
If student fails course and fails Common Core exam	Algebra I-STAR/1/1H	Must retake both course and Common Core exam in summer school
If student passes course but fails Common Core exam with a grade of 54 and below	Algebra I-STAR/1/1H	Must retake both course and Common Core exam in summer school
If student passes course but fails Common Core exam with a grade between 55-64	Algebra I-STAR/1/1H	Options: 1. May take an intensive review course (instead of full course) AND retake Common Core exam in summer school, OR 2. If a review course is not offered, MUST retake both full course and Common Core exam in summer school.
If student fails course but passes Common Core exam	Algebra I-STAR/1/1H	Must retake course in summer school
If student fails course and fails Common Core exam	Geometry/Geometry H	Must retake course in summer school for credit. **May also retake Common Core exam if pursuing Advanced Diploma/for placement in Algebra II next year
If student passes course but fails Common Core exam with a grade of 54 and below	Geometry/Geometry H	Options: 1. Must retake course AND Common Core exam in summer school if pursuing Advanced Diploma/for placement in Algebra II/missing 2nd Math for Regents Diploma 2. DOES NOT have to attend summer school IF NOT pursuing Advanced Diploma/placement for Algebra II/missing 2nd Math for Regents Diploma

If student passes course but fails Common Core exam with a grade between 55-64	Geometry/Geometry H	Options: 1. May take intensive review course (instead of full course) AND retake Common Core exam in summer school, OR 2. Must retake full course AND Common Core exam if review course is not offered, OR 3. DOES NOT HAVE to attend summer school IF NOT pursuing Advanced Diploma/placement for Algebra II/missing 2nd Math for Regents Diploma
If student fails course but passes Common Core exam	Geometry/Geometry H	Student has passed for the year - Guidance will manually change grade to 65 in EE
If student fails course and fails Common Core exam	Algebra II/ Algebra II H	Must retake course in summer school **May also retake Common Core exam in summer school if pursuing Advanced Diploma
If student passes course but fails Common Core exam with grade of 54 and below	Algebra II/ Algebra II H	Options: 1. Must retake course and Common Core exam in summer school if pursuing Advanced Diploma, OR 2. DOES NOT have to attend summer school if not pursuing Advanced Diploma
If student passes course but fails Common Core exam with grade between 55-64	Algebra II/ Algebra II H	Options: 1. May take intensive review course (instead of full course) AND retake Common Core exam in summer school if pursuing Advanced Diploma, OR 2. If a review course is not offered must retake full course AND Common Core exam if pursuing Advanced Diploma, OR 3. DOES NOT have to attend summer school IF NOT pursuing Advanced Diploma
If student fails course but passes Common Core exam	Algebra II/Algebra II H	Student has passed for the year - Guidance will manually change grade to 65 in EE
If student fails course	Intermediate Algebra	Must retake course in summer school

If student fails course

Applied Math/Pre-
Calculus/AP Calculus

Must make up elective credit in summer school or with
an online course

SOCIAL STUDIES		
Action	Course	Outcome
If student fails course	Global 9	Must retake course in summer school
If student fails course and fails Regents exam	Global 10/ AP European History	Must retake both course AND Regents exam in summer school
If student passes course but fails Regents exam with a grade of 54 and below	Global 10/ AP European History	Must retake both full course AND Regents exam in summer school
If student passes course but fails Regents exam with grade between 55-64	Global 10/ AP European History	Options: 1. May take an intensive review course (instead of full course) AND retake Regents exam in summer school, OR 2. If a review course is not offered, MUST retake both full course AND Regents exam in summer school
If student fails course but passes Regents exam	Global 10/ AP European History	Student has passed for the year - Guidance will manually change grade to 65 in EE
If student fails course and fails Regents exam	US History/AP US History	Must retake course in summer school for credit **May retake Regents exam in summer school if pursuing Advanced Diploma OR needs 2nd History for Regents Diploma
If student passes course, fails Regents exam, BUT passed Global History Regents	US History/AP US History	DOES NOT need to attend summer school IF NOT pursuing Advanced Diploma or missing 2nd History for Regents Diploma
If student passes course but fails Regents exam with a grade 54 and below	US History/AP US History	Options: 1. Must retake both course and Regents exam in summer school if pursuing Advanced Diploma or missing 2nd History for Regents Diploma, OR 2. DOES NOT have to attend summer school if not pursuing Advanced Diploma or missing 2nd History for Regents Diploma

If student passes course but fails Regents exam with a grade between 55-64	US History/AP US History	Options: 1. May take an intensive review course (instead of full course) AND retake exam in summer school, OR 2. Must take course AND exam if review course is not offered, OR 3. DOES NOT have to attend summer school if not pursuing Advanced Diploma or missing 2nd History for Regents Diploma
If student fails course but passes Regents exam	US History/AP US History	Student has passed for the year - Guidance will manually change grade to 65 in EE
If student fails course	Gov't/Economics	Must retake course in summer school
If student fails course	Anthropology/Sociology	Must make up elective credit in summer school or with an online course

SCIENCE		
Action	Course	Outcome
If student fails course and fails Regents exam	Living Environment	Must retake both course and Regents exam in summer school
If student passes course but fails Regents exam with a grade of 54 and below	Living Environment	Must retake both course and Regents exam in summer school
If student passes course but fails Regents exam with a grade between 55-64	Living Environment	Options: 1. May take an intensive review course (instead of full course) AND retake Regents exam in summer school, OR 2. If a review course is not offered, MUST retake both full course AND Regents exam in summer school
If student fails course but passes Regents exam	Living Environment	Student has passed for the year - Guidance will manually change grade to 65 in EE
If student fails course and fails Regents exam	Chemistry/Chemistry H	Must retake course in summer school for credit **May retake Regents exam in summer school if pursuing Advanced Diploma OR needs 2nd Science for Regents Diploma
If student passes course, fails Regents exam, BUT passed Living Environment Regents	Chemistry/Chemistry H	DOES NOT need to attend summer school IF NOT pursuing Advanced Diploma or missing 2nd Science for Regents Diploma
If student passes course but fails Regents exam with a grade of 54 or below	Chemistry/Chemistry H	Options: 1. Must retake both course and Regents exam in summer school if pursuing Advanced Diploma or missing 2nd Science for Regents Diploma, OR 2. DOES NOT have to attend summer school if not pursuing Advanced Diploma or missing 2nd Science for Regents Diploma

If student passes course but fails Regents Exam with a grade between 55 and 64	Chemistry/Chemistry H	Options: 1. May take an intensive review course (instead of full course) AND retake exam in summer school, OR 2. Must take course AND exam if review course is not offered, OR 3. DOES NOT have to attend summer school if not pursuing Advanced Diploma or missing 2nd Science for Regents Diploma
If student fails course but passes Regents exam	Chemistry/Chemistry H	Student has passed for the year - Guidance will manually change grade to 65 in EE
If student fails course and fails Regents exam	Physics	Must retake course in summer school for credit **May retake Regents exam in January 2018 if pursuing Advanced Diploma and does not already have Chemistry as 2nd Science
If student passes course but fails Regents exam	Physics	MUST attend tutoring with teacher in the Fall and then may retake Regents exam in January 2018 if pursuing Advanced Diploma and does not already have Chemistry as 2nd Science
If student fails course but passes Regents exam	Physics	Student has passed for the year - Guidance will manually change grade to 65 in EE
If student fails course and fails Regents exam	Earth Science	Must retake course in summer school for credit **If student never passed Chemistry Regents** May retake Regents exam in summer school if pursuing Advanced Diploma OR needs 2nd Science for Regents Diploma
If student passes course but fails Regents exam with a grade of 54 or below	Earth Science	Must retake course and exam in summer school **If student never passed Chemistry Regents and needs 2nd Science for Regents OR Advanced Diploma

If student passes course but fails Regents exam with a grade between 55-64	Earth Science	Options: 1. May take an intensive review course (instead of full course) AND retake exam in summer school, OR 2. Must take course AND exam if review course is not offered, OR 3. DOES NOT have to attend summer school if student already passed Chemistry Regents
If student fails course and passes Regents exam	Earth Science	Student has passed for the year - Guidance manually changes grade to 65 in EE
If student fails course	Anatomy and Physiology, Forensic Science, AP Biology	Must make up elective credit in summer school or with an online course

FOREIGN LANGUAGE		
Action	Course	Outcome
If student fails course	Spanish 1, 1-2, Italian 1.5,	Must retake course in summer school
If student fails course	Spanish 2,	Must retake course in summer school
If student fails course and fails FLACS	Spanish 3, Italian 2.5	Must retake course in summer school Must retake FLACS in June 2018 if pursuing an Advanced Diploma
If student passes course and fails FLACS	Spanish 3, Italian 2.5	Student passes for the year Must retake FLACS in June 2018 if pursuing an Advanced Diploma
If student fails course and passes FLACS	Spanish 3, Italian 2.5	Student passes for the year- Guidance will manually change grade to 65 in EE

RELIGION		
Action	Course	Outcome
If student fails course	Religion 9-12	Must make up credit with an online course or project determined for student by teacher and principal
ART/MUSIC		
Action	Course	Outcome
If student fails course	Intro to Computers	Must make up credit with an online course or project determined for student by teacher and principal
If student fails course	Music	Must make up credit with an online course or project determined for student by teacher and principal
If student fails course	Basic Art	Must make up credit with an online course or project determined for student by teacher and principal
If student fails course	Beginning Animation	Must make up elective credit with an online course or project determined for student by teacher and principal
If student fails course	Animation 1	Must make up elective credit with an online course or project determined for student by teacher and principal

If student fails course	Animation 2	Must make up elective credit with an online course or project determined for student by teacher and principal
If student fails course	Media Arts, Piano Lab, Acting/Theater	Must make up elective credit with an online course or project determined for student by teacher and principal
PHYSICAL EDUCATION		
Action	Course	Outcome
If student fails course	Phys Ed. 9-12	Must retake course in summer school
If student fails course	Health	Must retake course in summer school
